WORK EXPERIENCE

Frontend Development | Mar 2023 - Oct 2023

DuoData S.A. & Tesalia CBC

As an intern, I assisted in developing the graphic interface for a management tool for the company Tesalia CBC. In addition to creating the mockup for presentation, I was also responsible for converting it into code using React and Tailwind CSS.

Frontend Development | Feb 2024 - Actualidad

DuoData S.A. & Tesalia CBC

As an intern, I'm in charge of developing a tool for urbanizations that is used to manage them, deliver community messages, and maintain access records to the gated community. This app is designed for residents and administrators.
